Greene County

Routine Immunization Program 2016

For Greene County Children & Adults

The goal of Greene County Public Health's Immunization Program is to protect the community from vaccine preventable illness by:

- Providing opportunities for children of all ages to be fully immunized on time
- Working toward Healthy People 2020 Immunization Objectives

Immunizations are available to ALL children and adults.

- Children must be accompanied by a parent or legal guardian or an adult who has a Medical Treatment Authorization For a Minor form on file which has been signed by the parent or legal guardian. This form can be accessed on our website at www.gcph.info/clinics/immunizations
- You must bring your vaccine record.
- No eligible child will be denied service due to inability to pay.

***All vaccines are given by appointment.
Call 937-374-5600 to schedule !***

In an Effort to Reduce Wait Times...

- Please call to schedule your appointment several weeks in advance.
- If you must cancel or reschedule your appointment, it may be several weeks before we can see you again.
- Thank you for your understanding as we seek to provide excellent care to a large volume of clients.

Please call 937-374-5600 or 1-866-858-3588 ext. 5600
