a. *Food Establishment/Food Service*

- i. The General Services team is working to complete all food inspections before the end of the license year, which is 02/28/2022. C. DeBrosse is processing food license renewal applications and mailing out the 2022 food licenses.
- ii. The health district will conduct our next ServSafe Manager Certification training class on 03/14 and 03/21/2022. Due to COVID, we have reduced our food training schedule to only three ServSafe classes for 2022 and will only be conducting Person In Charge Certification training at food operations upon request.
- iii. On 02/11/2022, S. Collins, T. Myers, and R. Schairbaum met with representatives from Greene County Sanitary Engineering to discuss their grease interceptor program in food operations. The meeting objective was to see how our agencies can collaborate to educate food operators as well as addressing those facilities where issues are occurring/on-going.

b. *Body Art*

- i. C. Propes, and R. Schairbaum are working with a body art establishment that has not renewed its body art license. License renewals were due by 12/31/2021, and delinquency letters were mailed/emailed/delivered putting those establishments on notice that they had until 02/01/2022 to renew.

c. *Sewage*

- i. Special Services continues to invest in innovative technologies to enhance inspection capabilities. A second aerial drone for surveying sewage installations and mosquito problem areas has been purchased. Additionally, Special Services expects to share access with Plumbing for a new crawler robot to help with difficult housing or nuisance inspections.
- ii. The team is working through all the new 2022 registrations for sewage system installers, service providers, and septage haulers to ensure that all the contractors working in the sewage program are property registered for this year. The registration process is a joint venture between the health district and ODH.

d. *Solid Waste*

- i. The 2022 Solid Waste license was issued for the Waste Management Transfer Station. Last month, the Xenia Construction and Demolition Debris landfill was licensed.

e. *Water*

- i. The team is working with all the local water haulers to ensure that each water hauler is registered and inspected for 2022. The water haulers supply potable water to homes and businesses that do not have sufficient well water and must rely on water storage tanks for their water supply. The health district expects to license at least four water haulers this year. The list of approved water haulers in Greene County is sent to ODH annually for addition to the statewide list of water haulers for emergency planning use.

4. **Maternal Child Health**

a. *Early Intervention (EI)*

- i. Referrals have recovered, and the program is currently servicing about 30 more children than this time last year.

- b. *Early Childhood Home Visiting*
 - i. Healthy Families America program continues at capacity of 55 families.
 - ii. The implementation of the Nurse Family Partnership continues.
- c. *Baby Me and Tobacco Free*
 - i. Eight mothers are currently enrolled in the program.
- d. *Women Infants and Children (WIC)*
 - i. The team reached out to WIC participants impacted by the recent recall of Similac, Alimentum, and EleCare formulas to arrange for formula exchange and provide guidance.
