- c. *Water*
 - i. In cooperation with The Ohio State University Extension Office, United States Drug Administration -- Natural Resources Conservation Service, Pace Analytics, and several community conservation organizations, the health district participated in the annual Test Your Well Event. Over 70 Greene County well owners brought samples to the screening event.

- d. *Sewage*
 - i. S. Adams and D. Shontz attended an informal meeting with Greene County Engineer, Stephanie Goff, with a goal to improve our inter-agency relationships. Both agencies are interested in making even better use of Geographic Information System mapping to meet Environmental Protection Agency standards for sewage systems, private water sources, and stormwater runoff.

4. **Maternal Child Health**

- a. *Early Intervention (EI)*
 - i. For the seventh year in a row, Greene County Early Intervention received a MEETS REQUIREMENTS on the Annual Performance Report (APR). This rating is determined by a number of factors including the family survey, federal compliance ratings and more. If interested in knowing more specifically how the rating is determined feel free to reach out to P. Hamer. The APR for all Ohio counties can be accessed at the Early Intervention website:
<https://ohioearlyintervention.org/county-data>
