Public Health Offering Test-to-Treat Kits for COVID-19

XENIA, OH – Greene County Public Health (GCPH) continues to offer the proctored, at-home COVID-19 “test-to-treat” kits to residents of Greene County.

These tests are for those who know that they have been exposed or who are currently experiencing symptoms of COVID-19. With an eMed at-home test, if you don’t feel well, you scan the code on your test or go to ohio.emed.com from a computer or smartphone to begin the testing process. A Telehealth proctor walks you through the test live and verifies the results with an official lab report. If positive, eMed can immediately connect you to a clinician who can provide a medical evaluation and prescribe treatment if you qualify, all without leaving your home. The test kit, the proctor, clinical evaluation, and prescription, if appropriate, are all free.

Beginning on Tuesday, November 1st, GCPH will be offering these test kits for pick-up on the following days/times at 360 Wilson Drive in Xenia:

- Mondays, Wednesdays, and Fridays 9-10am
- Tuesdays and Thursdays, 3-4pm

Those who know they have been exposed or who are experiencing symptoms should do the following:

- To request a kit:
 - Call **937-374-5613** and leave a message requesting a kit. Someone will get back with you as quickly as possible to schedule your contact-free pickup.
 - Send an email to testkit@gcph.info and someone will respond to schedule your contact-free pickup.
- The employee who follows up with you to schedule a day and time will ask for the make, model, and color of your vehicle to help facilitate a contact-free test kit pick up.
- Upon arrival to the health district parking lot, park next to the sidewalk to the right of the main entrance in the spot with the sign that reads: **COVID-19 TEST TO TREAT KIT – PICK UP HERE**. An employee will bring the kit to your vehicle at your scheduled time, so please have your trunk open for them to drop it off for you.

Prescriptions provided through eMed can be filled at a pharmacy of your choice for pick up or delivery nationwide, depending on location and availability.
